HAN & CHEWIE RETURN!

T_{he}
Millennium
Falcon zoomed
through the far
reaches of space,
unaware of the
dangers ahead.

A large **whale-like ship** appeared
above the *Falcon*
and swallowed the
smaller ship
whole!

Inside the *Falcon* were **Rey**, a young scavenger from the planet Jakku; **Finn**, a former First Order stormtrooper; and **BB-8**, a small droid with a big secret. The three quickly hid as someone—or something—boarded the *Millennium Falcon*.

Two figures—**a human and a Wookiee**—walked through the *Falcon* and quickly discovered Finn and Rey.

“Where’d you get this ship?” the man asked.

Rey explained it was on Jakku and had been stolen several times.

“Well, Han Solo just stole back the *Millennium Falcon* for good!” the man said.

Rey couldn't believe her ears.

Han Solo. *The Han Solo!*

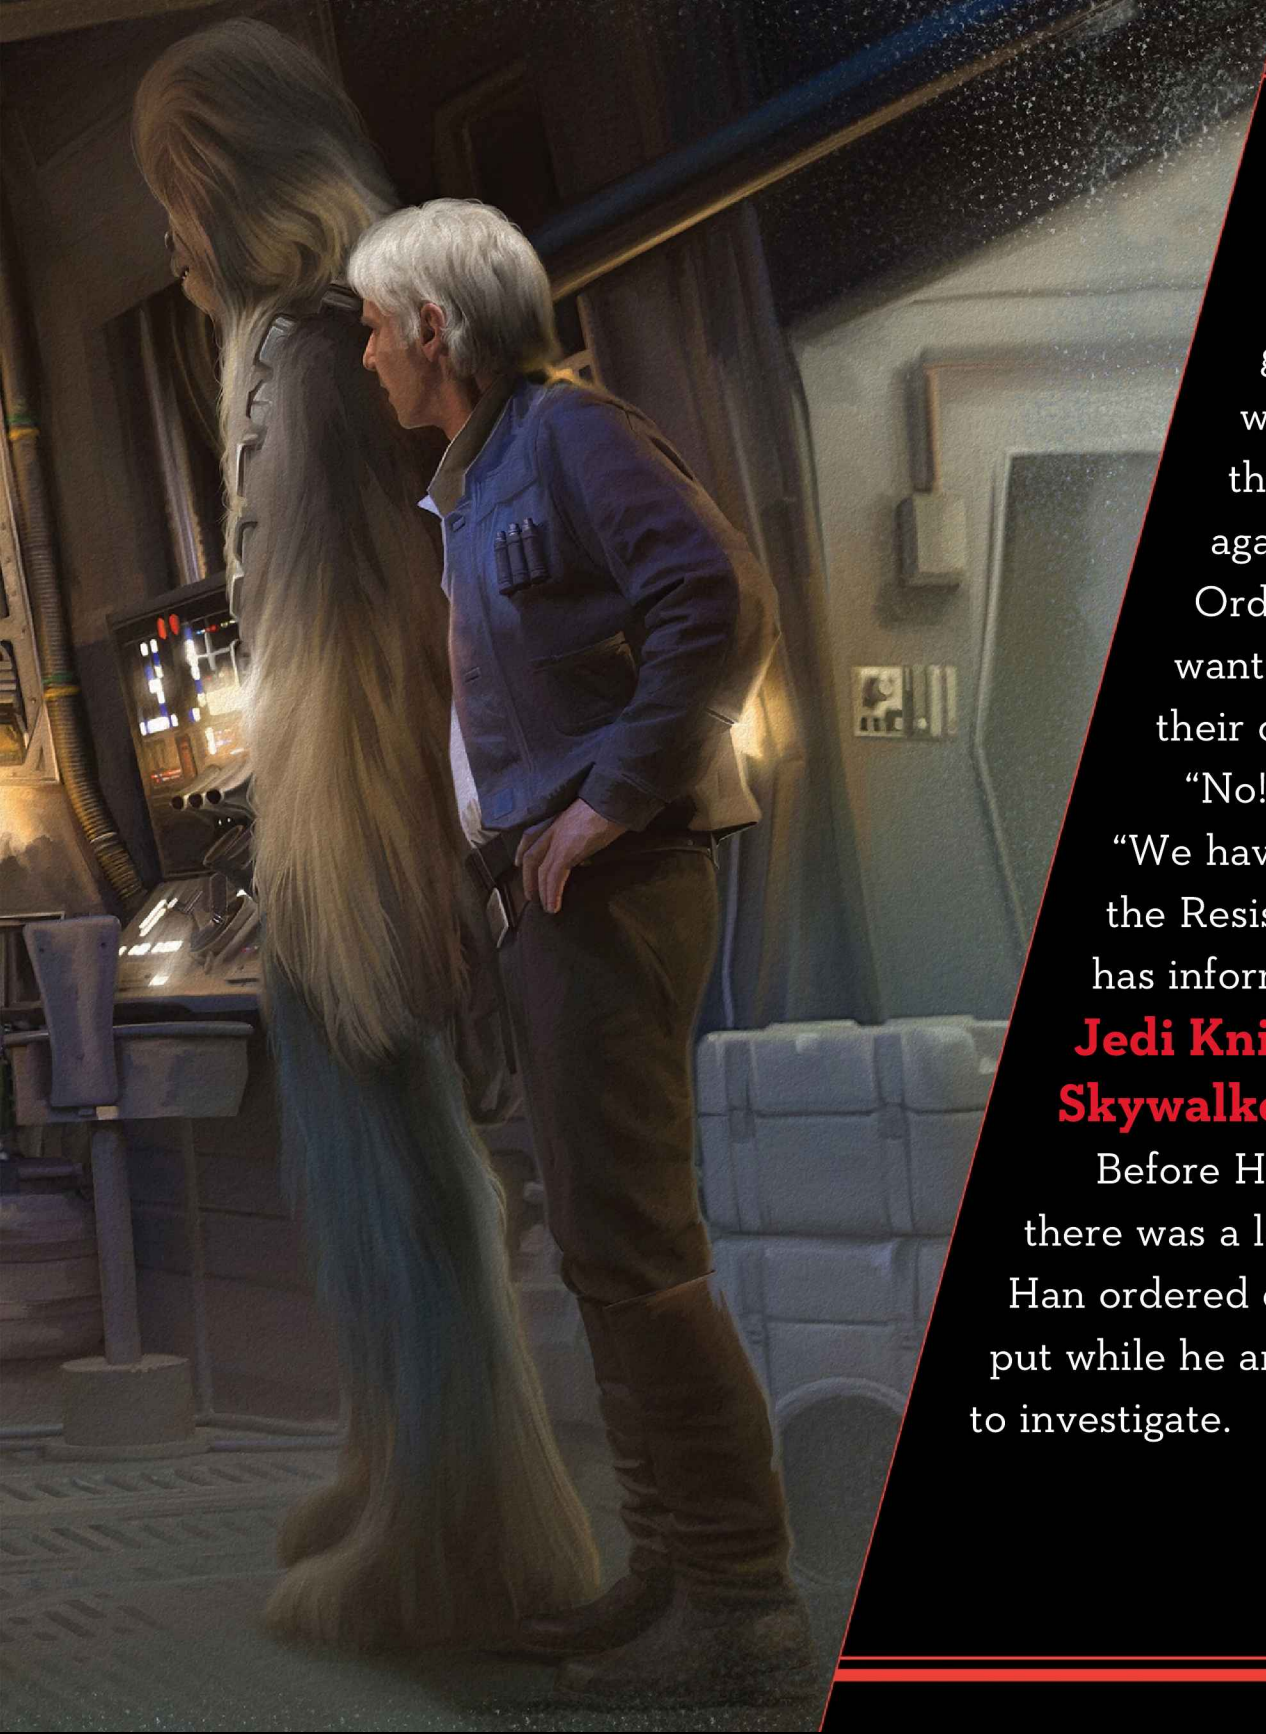

Han was a legendary general in the Rebel Alliance. He and **Chewbacca**, the Wookiee, had helped the rebels win the war against the evil Galactic Empire.

They were heroes.

But Han was no longer a rebel general, and he wasn't a part of the new Resistance against the First Order. He just wanted Rey, Finn, and their droid off his ship.

"No!" Rey pleaded.

"We have to get BB-8 to the Resistance base. He has information about

Jedi Knight Luke Skywalker."

Before Han could respond, there was a loud *ka-chunk!* Han ordered everyone to stay put while he and Chewie went to investigate.

Two dangerous gangs had boarded Han's cargo ship: the **Guavian Death Gang** and the **Kanjiklub**. Han owed money to both groups, and they were there to collect.

It was a **standoff**, with Han and Chewie caught between the two angry gangs.

Rey and Finn knew they had to help.

Rey and Finn tried to trap the gangs in a separate corridor, but instead they accidentally let loose dangerous cargo.

Within the hold of the big ship were **rathtars**—large creatures that looked like octopuses but slithered on land rather than in water. And now, they were free.

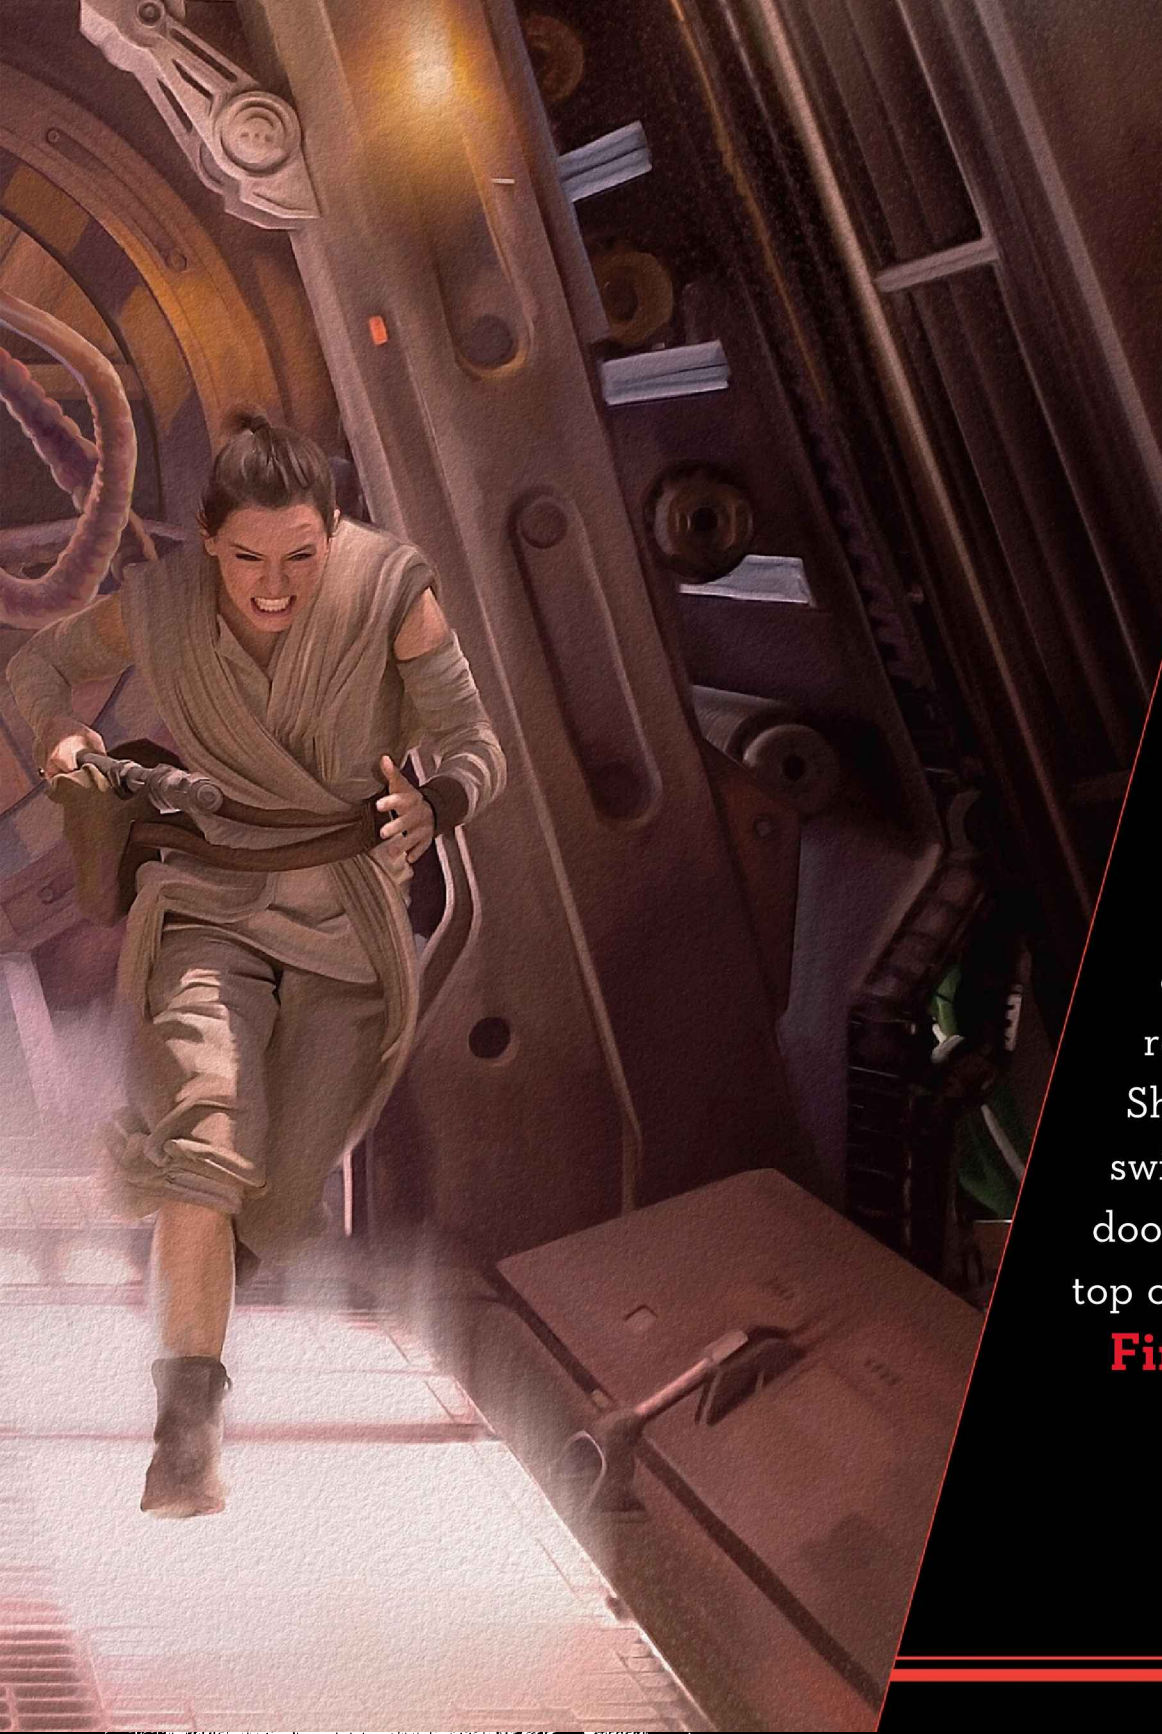

The rathtars **attacked** the gang members, giving Han and Chewie a chance to escape.

In all the chaos, Han and Chewie fought off members of the Kanjiklub. They wouldn't let anything or anyone stand in the way of their getting back to the *Falcon*.

During the battle, one of the rathtars grabbed Finn and carried him off.

Rey **chased** the beast through the cargo ship until she reached a control panel. She quickly flipped a few switches, and a large blast door closed directly on top of the creature.

Finn was free!

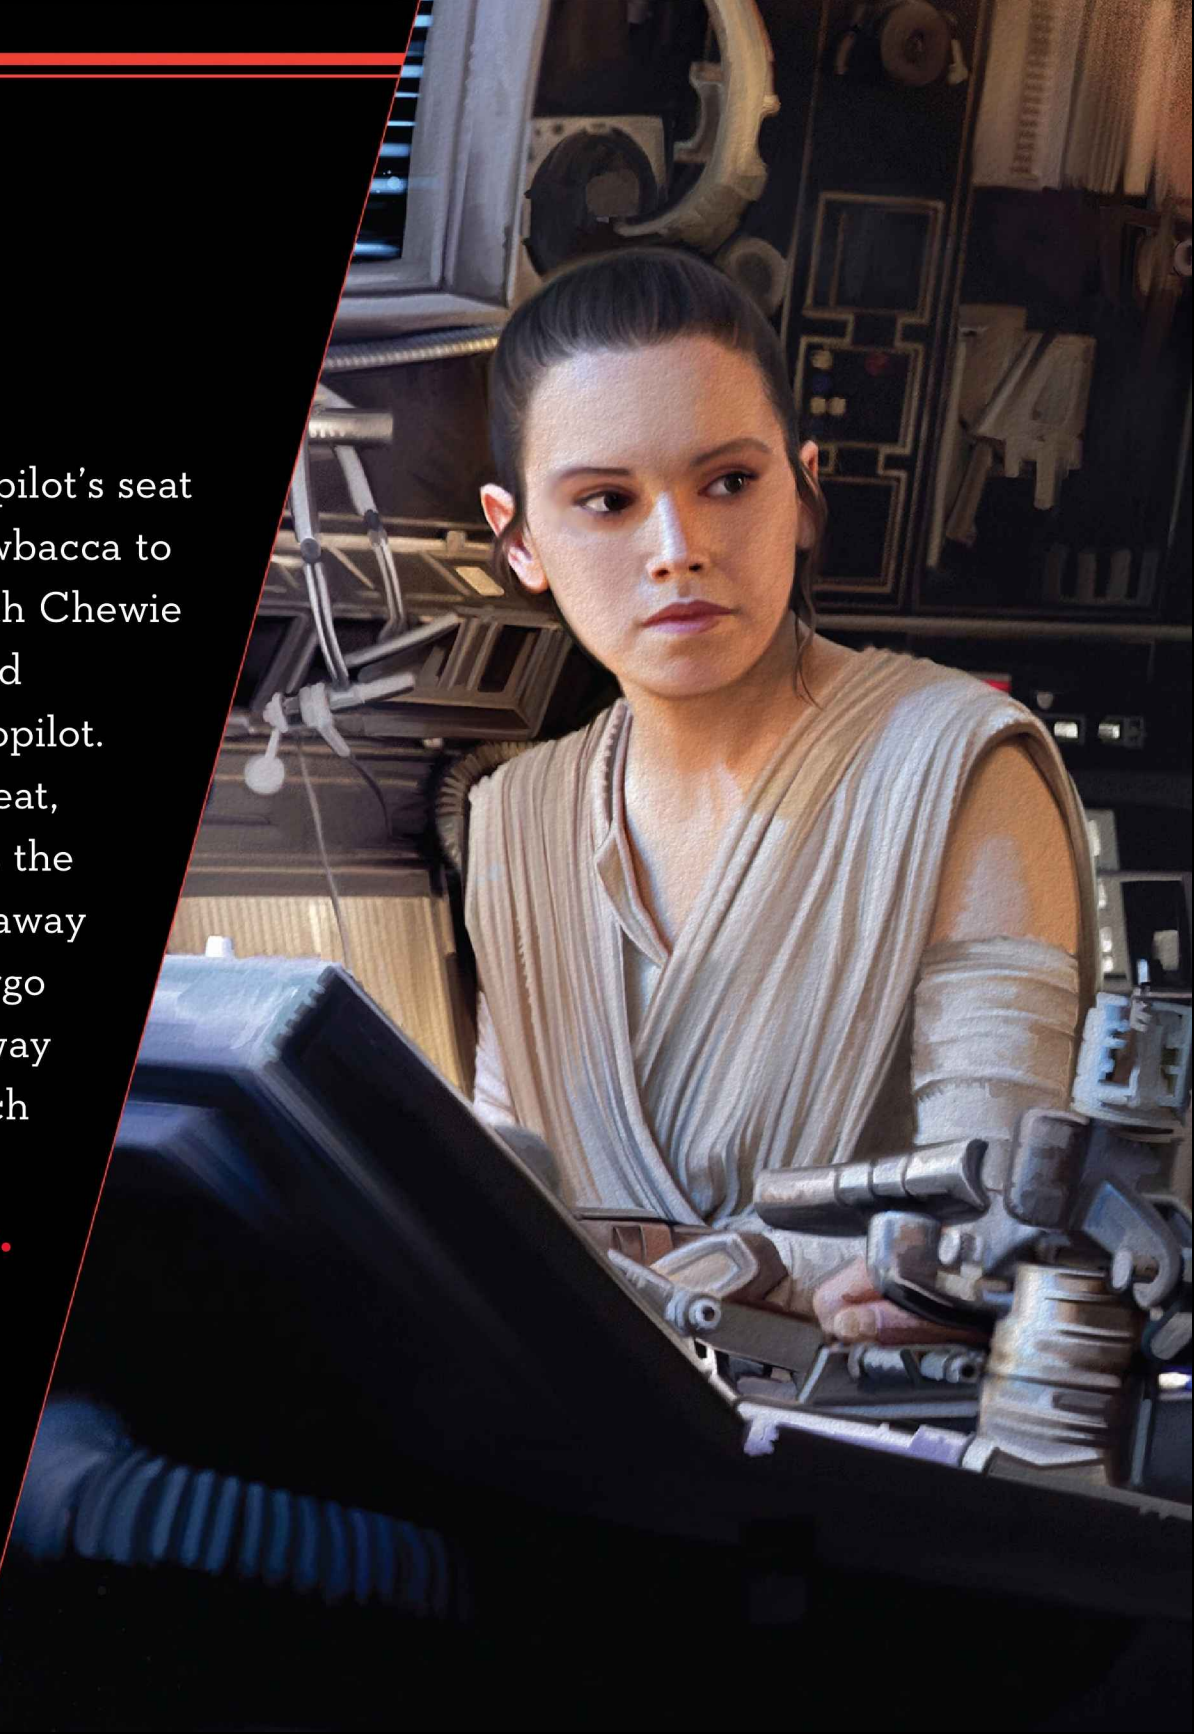

While the battle raged on, Han and Chewie were getting closer to reaching the *Millennium Falcon*. But as they made their way toward the ship, Chewie got hit in the shoulder.

Han quickly grabbed **Chewie's bowcaster** and fired at the oncoming gang members. It worked! Han held them off long enough for everyone to get aboard the *Falcon*.

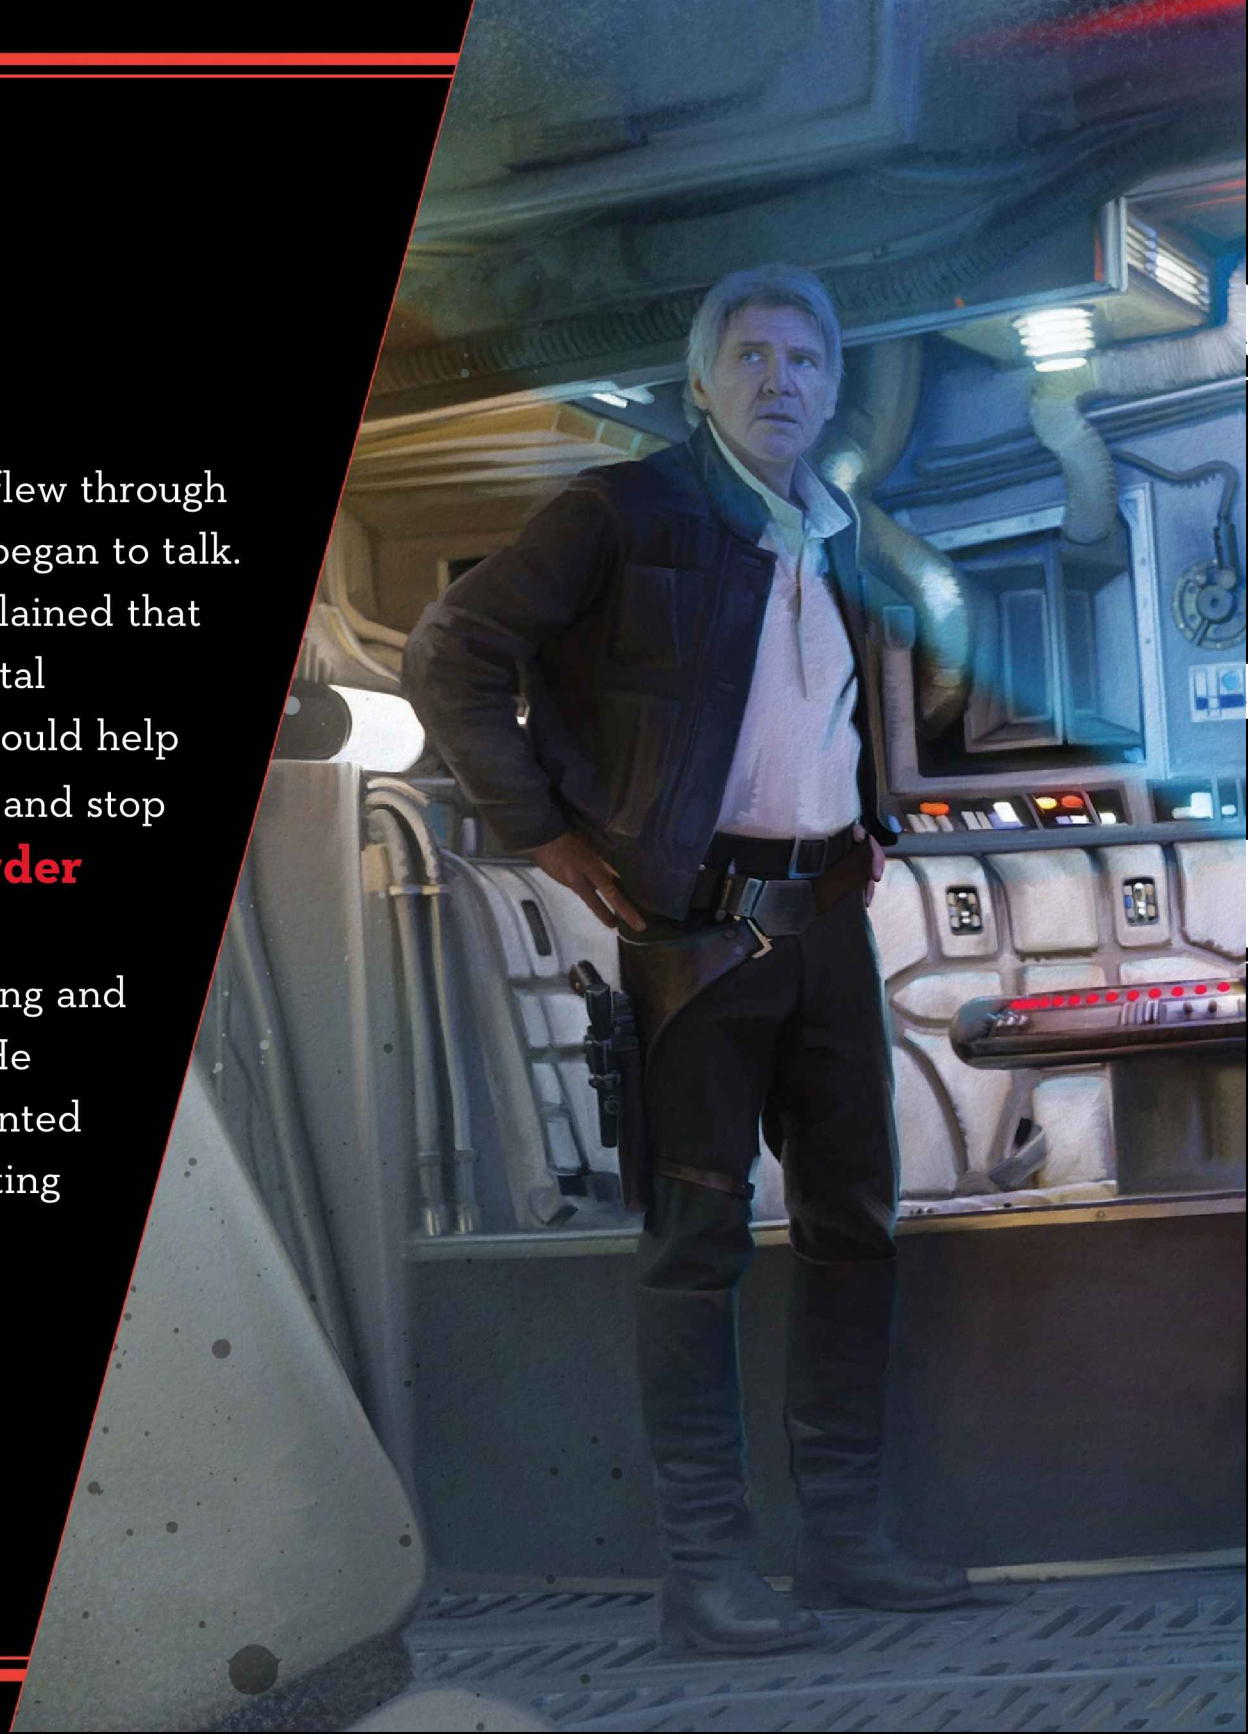

Han slid into the pilot's seat as Finn helped Chewbacca to the medical bay. With Chewie hurt, Han would need someone to be his copilot. Rey took Chewie's seat, and in mere seconds the *Falcon* was blasting away from the massive cargo ship. There was no way the gangs would catch them now. **They were finally safe.**

As the *Falcon* flew through space, the group began to talk. Rey and Finn explained that BB-8 contained vital information that could help the **Resistance** and stop the evil **First Order** once and for all.

Han thought long and hard about that. He wasn't sure he wanted to go back to fighting for someone else.

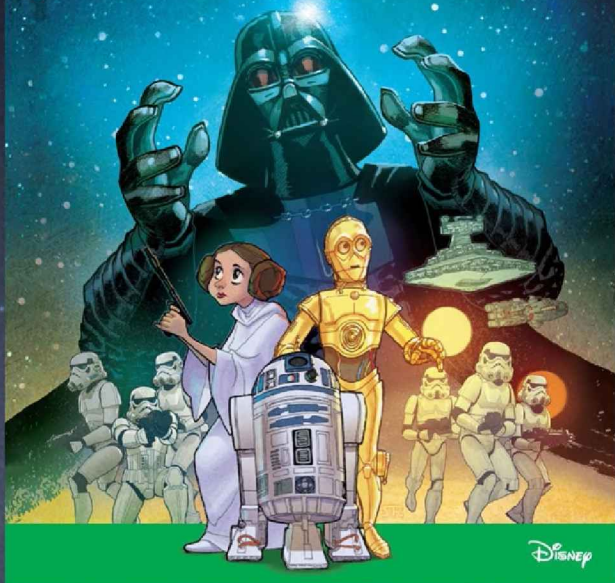

Han Solo and Chewbacca had been many things. They had been **pirates, smugglers, and rebels**. But now, thanks to Rey, Finn, and BB-8, Han and Chewie would join their new friends and fight for freedom. **They would be heroes once again.**
